About Suresh Srinivasan - The Enthusiasm Specialist

Suresh, I am writing this to thank you for our partnership and exceptional value that you have been delivering to us through "stop look go". Employees, channel partners and colleagues across have come back re-energised, ready to go. The kind of feedback that we have been getting speaks for itself.

While we started our journey with one off motivational program !! and I always wondered, how could in one workshop people could get motivated, while I still hold my belief, yet I have seen people appearing much more positive after attending the program. They have at least at thought level expressed their ability to deal with stress, deal with difficult situations and saw value in having the feeling of "CHILL MARNE KA" !!!
